Ghost Coffee Table is a solid table in cast aluminium. The elegant table is casted with three pointed legs and a table top with a groove in the outline, which beautifully highlights the qualities of the material. The table is taken directly from the mould without polishing, which gives it a unique rough surface with texture of the mould. The raw aluminium table is powder coated and afterwards handpainted, which gives it a beautiful and diverse surface, with alternation between a matte and a reflective finish.
