CUSTOM FINISHES

LIGHT SOURCE SPECIFICATIONS

Integrated LED 9W for Ø150mm sphere
750lm / 2700K / 80CRI

Integrated LED 3W for Ø60mm sphere
350lm / 2700K / 80CRI

PRODUCT SPECIFICATIONS

Input voltage: 120V / 240V
Maximum wattage: 12W
120V / 240V dimmable 0/10V
(DALI2 or Casambi on request)
Product weight: 18kg
IP 20 Indoor use only
(suitable for bathroom Zone 3)

Please supply required drop length of fixture,
measured from the ceiling to bottom of fitting
at time of order.

Minimum total drop length 2002mm.
Maximum total drop length 3052mm.
Maximum total drop length with
extension rod 5072mm.
Please allow 25mm tolerance of drop length.

120V version supplied with paintable junction
box cover.

Due to the handmade nature of this product
dimensions may vary up to 10% for balancing
purposes.

CLEANING INSTRUCTIONS

Before cleaning, lighting fixtures must
be turned off and unplugged from mains
electricity. Whilst cleaning please take care
and use the gloves provided.

Patinated Finish: Use a dry soft dust cloth
and gently go over marks until clean. The
brass patina is achieved through an artisanal
technique of applying pigments by hand
during a hot patination process. Through this
alchemic process, the brass is transformed
whilst retaining the material's inherent
qualities. It will mature and change overtime.
The manner and speed in which it will change
will depend on the environment, handling
and the level and frequency of maintenance.
Verdigris can also appear when the copper in
the brass begins to oxidise.

Satin Brass: As the item is unlacquered it will
naturally oxidise and darken. Upon touching
the items without gloves, fingerprints are likely
to occur and leave marks. Use a good quality
brass cleaning liquid and follow the product
instructions using the extra soft dust cloth.
Do not apply pressure on persistent marks.
Remove them using repeated gentle motions
and by reapplying the brass cleaning liquid.

Opaline Glass: Remove the opaline glass from
the product. Using a lightly damp cloth, clean
only the outside of the sphere. Only put the
glass sphere back on the product once it is
fully dry.
