CARL HANSEN & SØN

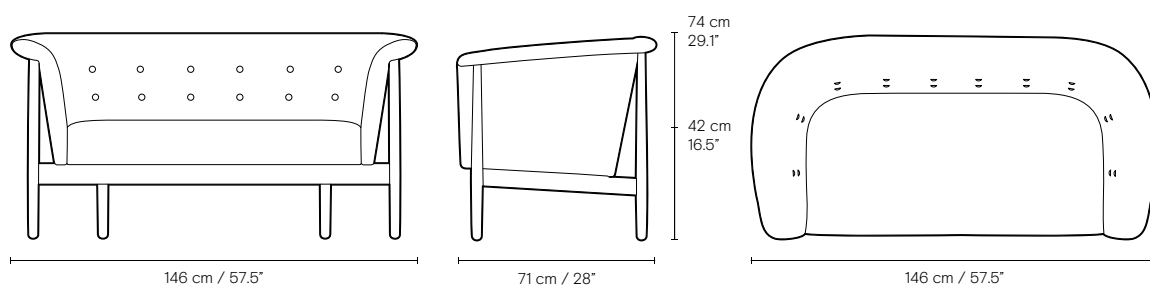

PRODUCT DATA SHEET

ND52-2

Carl Hansen & Søn's ND52 Vita Sofa, designed by Nanna and Jørgen Ditzel in 1952, features an organic silhouette with a sculptural, floating shell and exposed solid wood frame. The design blends soft curves with high back and armrests, creating a serene and inviting presence. The Vita Sofa is crafted from FSC™-certified oak or walnut and upholstered in premium fabric or leather. The exposed solid wood frame is carefully polished to highlight its natural texture and warm tone. The tight seat and back upholstery, offered in a range of refined textiles or leather, complements the sofa's sculptural silhouette and understated elegance.
