

PONTE

design Piero Lissoni

Series of rectangular and square tables featuring a shaped MDF top with internal reinforcement in 30x20 mm tubular steel embedded in the structure and a solid ash wood frame, available in a natural or charcoal-dyed finish.

Legs made of solid ash wood Ø11 cm available in the same finishes as the frame, secured to the top using screws.

Tabletop fixed and inset into the frame, available in Bianco Carrara, Nero Marquinia, Rosso Levanto, Sahara Noir, Forest Green, or Grigio Orobico marbles, and Deep Blue quartzite, with a natural finish and protective coating or in glossy or matt polyester.

Floor support provided by adjustable plastic tips.

Notes

For tables in dimensions exceeding 300x110 cm and 180x180 cm, marble tops are provided as standard in two book-matched parts; for single piece tops, please check feasibility and availability at the time of order.

The natural finish with protective coating is provided as standard in a matt finish for Rosso Levanto, Sahara Noir, and Forest Green marbles, while it is provided in a glossy finish for Bianco Carrara, Nero Marquina, Grigio Orobico marbles, and Deep Blue quartzite.

For the marble top version please specify the required finish in the order.

For marble with natural finish, the "Marble" Maintenance Kit is included with the product.

A long, rectangular dining table with a dark, possibly black, wood frame. The top surface is a light-colored material, likely stone or marble, featuring a prominent, irregular pattern of golden-brown veins and cracks. The table is supported by four thick, cylindrical black legs. It is positioned on a light gray surface against a plain white background.

A modern, upholstered chair with a light beige or cream-colored fabric. The chair has a curved, ergonomic backrest and a low-profile seat. It is supported by four thin, black, tapered legs. The chair is positioned to the right of the dining table, facing towards the left.
